

## **TRUCKLOAD • PARTIAL TRUCKLOAD - REFRIGERATED**

HERE'S SOME OF THE BASIC INFORMATION YOU'LL NEED WHEN SHIPPING WITH JTR.

AS WITH ALL OF OUR TL AND PTL SHIPMENTS, OUR DIGITAL FREIGHT MARKETPLACE ENSURES

YOUR REFRIGERATED LOADS ARE PROPERLY QUOTED, COMPLETELY COVERED

AND ALWAYS AT THE BEST PRICE, GUARANTEED.

## REFRIGERATED / TEMPERATURE-CONTROLLED

REFRIGERATED TRUCKING, COMMONLY REFERRED TO AS "REEFER" IS A FREIGHT SHIPPING METHOD MAINLY FOR FOOD AND PRODUCTS THAT REQUIRE A TEMPERATURE-CONTROLLED MEANS OF TRANSPORT. BASICALLY, THE TRUCK HAS A BUILT-IN REFRIGERATION SYSTEM TO KEEP ANY AND ALL PRODUCTS IN A COOLED STATE. .

### REEFER ADVANTAGES

A SOLID OPTION FOR SHIPPERS WHO NEED TO MOVE THEIR PRODUCTS SAFELY IN A TEMPERATURE-CONTROLLED ENVIRONMENT. **SOME OF THE BENEFITS INCLUDE:**

#### FRESHNESS:

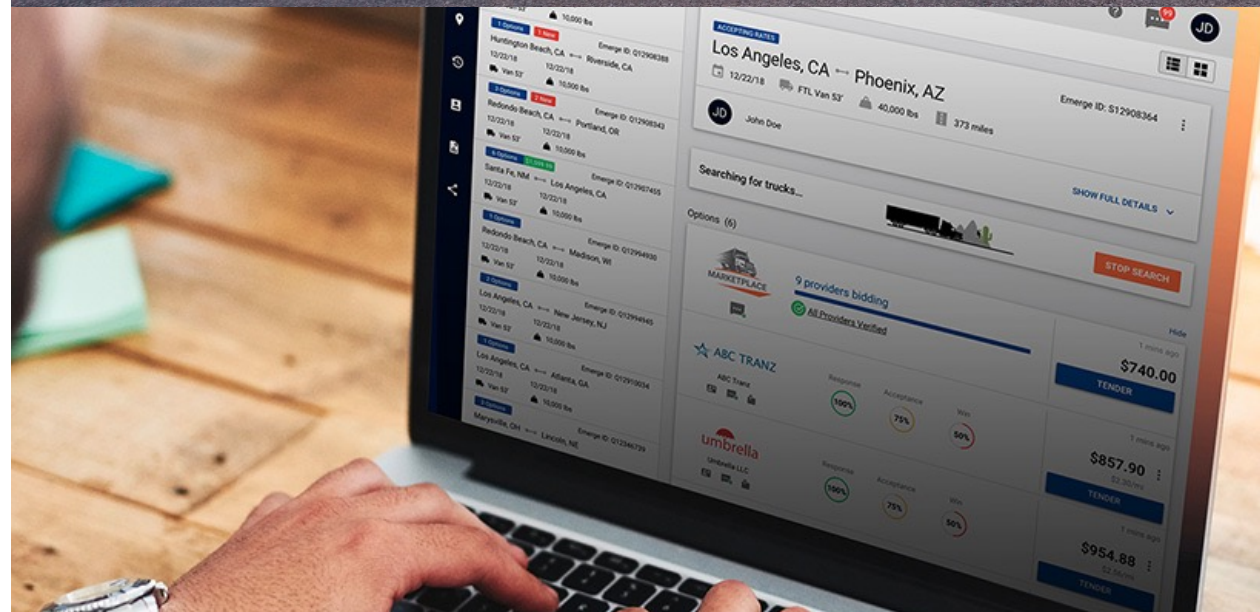

CONSUMERS AND RETAILERS DEMAND THE UTMOST FRESHNESS FROM THEIR PRODUCTS. REFRIGERATED TRUCKING OFFERS THE BEST WAY TO SAFELY HAUL PRODUCTS THAT MIGHT OTHERWISE BE DAMAGED OR SPOILED IN TRANSPORT.

#### VARIETY OF USES:

IN ADDITION TO PRODUCE AND PERISHABLE FOODS, REFRIGERATED TRUCKING IS PERFECT FOR PLANTS & FLOWERS, MANY PHARMACEUTICALS, PERSONAL CARE PRODUCTS, WATER-BASED CHEMICALS, COATINGS AND COUNTLESS OTHER TEMPERATURE-CONTROLLED GOODS. EVEN GOODS THAT DON'T NECESSARILY REQUIRE SPECIAL COOLING CAN USE REEFER TRAILERS AND OFTEN DO.

#### PROTECTION:

BECAUSE OF THE NATURE AND SENSITIVITY OF MANY PRODUCTS, REFRIGERATED TRUCKS ARE BETTER EQUIPPED TO GUARD AGAINST BAD WEATHER, LONG DISTANCES AND UNFORESEEN ENVIRONMENTAL ISSUES.

# REFRIGERATED REQUIREMENTS

JUST A FEW SIMPLE PROCEDURES WILL ENSURE YOUR TEMPERATURE-CONTROLLED LOADS WILL ARRIVE IN PERFECT CONDITION.

**ONE - IDENTIFY YOUR SHIPPING NEEDS** // NOT ALL ITEMS REQUIRE THE SAME TEMPERATURE STABILITY. DISTINGUISH PERISHABLE ITEMS FROM PRODUCTS THAT AREN'T. EXAMPLES INCLUDE PHARMACEUTICALS, SOME WATER-BASED CHEMICALS, LIVE PLANTS, AND COATINGS. .

**TWO - LOAD & UNLOAD QUICKLY** // SINCE YOUR FREIGHT IS TEMPERATURE-SENSITIVE, ALWAYS BE READY TO HAVE YOUR SHIPMENT LOADED & UNLOADED QUICKLY AND SAFELY. OFTEN TIMES, REEFER UNITS RUN DURING THE LOAD/UNLOAD PROCESS, SO BE SMART WITH YOUR TIME. A LITTLE PREPARATION CAN SAVE A LOAD FROM BEING DAMAGED.

**THREE - MONITOR THE SHIPMENT** // WHILE THE SHIPMENT IS IN TRANSIT, THE DRIVER IS RESPONSIBLE FOR THE WELL-BEING OF THE FREIGHT. HOWEVER, GPS TRACKING OFFERS REAL-TIME MONITORING OF TRAILER TEMPERATURES, LOCATION AND WARNINGS FOR ANY FLUCTUATIONS IN THE TRAILER ENVIRONMENT.

**FOUR - PACKAGE SMART** // BECAUSE OF THE TEMPERATURE REQUIREMENTS AND THE DELICATE STATE OF SOME GOODS, PROPER PACKAGING IS ESSENTIAL WITH REEFER SHIPMENTS. THE SHIPPING TEMPERATURE, THE KIND OF PRODUCTS AND MATERIALS YOU'RE MOVING, AND MANY OTHER FACTORS DICTATE WHAT PACKAGING IS NECESSARY. EXTREMELY LOW TEMPERATURES MAY REQUIRE GEL COOLANTS AND DRY ICE.

**FIVE - BE PREPARED** // FOR ANYTHING AND EVERYTHING. HAVE A PLAN FOR THE LOAD/UNLOAD PROCESS. MAKE SURE EVERYONE THROUGH THE CHAIN OF CUSTODY IS AWARE OF ANY SPECIAL CARE INSTRUCTIONS OR RULES. TIME IS DEFINITELY MONEY WHEN IT COMES TO TRUCKING. AND EVEN MORE SO WITH REEFER SHIPMENTS.

**AT JTR, WE'RE HERE TO MAKE THINGS EASY.**

IF YOU EVER HAVE QUESTIONS OR WANT AN ACTUAL HUMAN-BEING TO TALK TO ABOUT YOUR TL/PTL NEEDS, DON'T HESITATE TO GET IN TOUCH.

**WE ALWAYS GET SHIP DONE.**
